

# Do Your Dance

Rose Royce

Whoa, huh  
Whoa, huh, hey  
Whoa, huh  
Whoa, huh, hey

Whoa, huh  
Whoa, huh, hey  
Whoa, huh (Whoa, huh)  
Whoa, huh, hey

Do your dance to the rhythm  
On the floor we're just havin' fun  
Well, do your dance to the rhythm  
On the floor we're just havin' fun, hey

We gon' start at midnight  
Party till the mornin' light  
You see, we can't give up or stop until we get it right  
Ain't that right, ain't that right, woo

Do your dance to the rhythm  
On the floor we're just havin' fun  
Come on, people, do your dance to the rhythm  
On the floor we're just havin' fun, hey

Well, there's a message for your body in this song  
Can't you feel it, it's tellin' you, "Let's get it on"  
So let's get it on (Lady)  
Get on up (Hey), give it up (Well)

Good music makes you feel like dancin'  
(Don't it make you feel good, don't it make you wanna get down)  
Good music  
Shake it up, shake it 'round

Well, I want everybody to get an attitude (Get an attitude)  
Come on, people, right till it feels good, put your hand on your hip  
And get into this groove, woo

Do your dance to the rhythm  
On the floor we're just havin' fun

Do your dance to the rhythm  
On the floor we're just havin' fun

Do your dance to the rhythm  
On the floor we're just havin' fun  
Do your dance to the rhythm  
On the floor we're just havin' fun

Good music makes you feel like dancin'  
(Don't it make you feel good, don't it make you wanna get down)  
Good music  
Do your dance, do your dance

Do your dance to the rhythm  
On the floor we're just havin' fun

Do your dance to the rhythm  
On the floor we're just havin' fun

Do your dance to the rhythm  
On the floor we're just havin' fun  
Do your dance to the rhythm  
On the floor we're just havin' fun

Do that dance  
Do that dance

Do your dance, do your dance

We don't need no music  
We're gonna get on down tonight  
We are gonna groove  
Keep your body movin'  
We got too much soul  
Come on and let's get down  
We're gonna groove, we got to move  
Let me see you move

Good music makes you feel like dancin'  
Do your dance, do your dance
