

# I Owe

Rosette

Daddy you came from a land far away  
Married a woman you only knew 2 days  
Daddy you had 3 kids  
You couldn't walk away, (walk away)  
Dad you had a plan that didn't go your way  
Let the chips fall where they lay  
Save the sun for another day  
Looked into your babies eyes  
And decided to stay

For all the scars I'm trying to heal  
For all the nights I lived in fear  
I owe  
I owe  
For giving me the strength to choose  
To look in the mirror and not see you  
I owe  
I owe

Daddy what will you be when you come thru that door?  
In a drunken rage or passed out on the floor?  
Daddy I don't recognize you no more  
Mama said only the good die young  
But what's good bout what you've done?  
All your bad just made me strong  
I'll do right from all your wrong  
Sometimes in life  
We know not what we do  
Let me speak my mind  
And say these words to you

For all the scars I'm trying to heal  
For all the nights I lived in fear  
I owe  
I owe  
For giving me the strength to choose  
To look in the mirror and not see you  
I owe  
I owe

Daddy you came from a land far away  
Lived a fast life so fast it slipped away  
Daddy you'd be so proud  
To see what I've turned out to be  
Sometimes in life  
We know not what we do  
Let me speak my mind  
And say these words to you

For all the scars I'm trying to heal  
For all the nights I lived in fear  
I owe  
I owe  
For giving me the strength to choose  
To look in the mirror and not see you  
I owe  
I owe

Daddy I love you  
Daddy I miss you  
Wish you were here with me right now  
Don't worry  
I miss you  
I wish you were here  
I need you  
I want you to be near  
I-I-I-I-I-I-I love you  
I-I-I-I-I-I-I miss you  
I love you
