

# Uh Oh

Rosette

Uh Oh

Your kiss makes me go Uh Oh

Your love makes me go Uh Oh

Your body makes me go Oh Oh Oh

So you like my way I that I rock my jeans

And your eyes are buggin' checking on my baby T

Even though you're just a little bit scared of me

I can tell you're liking what you see

You're stepping I'm stepping in a dangerous zone so close

I can even name your fine cologne

I can tell that you wanna wanna take me home

Boy

Can you read my lips?

Can you handle it?

Get up to it better rise to it

[Chorus:]

Uh Oh

Your kiss makes me go Uh Oh

Your love makes me go Uh Oh

Your body makes me go Oh Oh Oh

Your smile makes me go Uh Oh

Your touch makes me go Uh Oh

Your body makes me go Oh Oh Oh

Can you look me in the eye if I blow a kiss?

Can you keep up with the groove when I move my hips?

You gotta

If you're man enough go ahead and make your move

If you're stepping up then you gotta lot to prove

Take a look at the hottest chick in the room

Boy

Can you read my lips?

Boy

Can you handle it?

Boy

You're up to it

Boy

Bet your ass to it

[Chorus]

Don't you know what's happening to me?

I didn't know that I could fall so easily

I'm not sure what I'm feeling

I don't care 'cause you're the one who's making me go on
