## **Paper Airplane**

## **Rosie Thomas**

I wish he could see How beautiful he is to me I wish I could stay out of his way But thats much too hard for me

I wish we could fly away On a paper airplane

He tells me everything Calls me his Martin Luther King Says he's good at running far

I tell him everything Call him by the wrong name Say I'm good at chasing stars

I wish we could fly away On a paper airplane I wish we could fly away On a paper airplane
