

# Say What You Want

Rosie Thomas

Say what you want to say  
Play this game your way  
It's over anyway  
You didn't give it up for love

Take what you want to take  
Take back the words you'll say  
They never mattered anyway  
You didn't give it up for love  
No you didn't give, give it up for love

When I look through the photographs  
And I see the smile on your face  
I remember how you used to feel  
And I see how much has changed

Say what you want to say  
I'll carry on the same  
Maybe you'll look back someday  
You didn't give it up for love  
No you didn't give, give it up for love

When I look through the photographs  
And I see the smile on your face  
I remember how you used to feel  
And I see how much has changed

When I look through the photographs  
And I see the smile on your face  
I remember how you used to feel  
And I see how much has changed

Say what you want to say  
Play this game your way  
You will know someday  
You didn't give it up for love  
No you didn't give, give it up for love  
No you didn't give, give it up for love
