

You And Me

Rosie Thomas

You and me
Me and you
There's so much that we've been through,
Through it all I've come to understand God's love.
And if tomorrow never comes
Know this twice, just know this once.
Knowing you has made me able to go on.

You and me
Me and you
There couldn't be a better two,
To be blessed and know the meaning of true love.
And if you leave me I'll feel scared,
Fall apart feel so unprepared.
But I dare to make it through all on my own.
Yes I dare to make it through on my own.
