

Can You Feel It

Ross Lynch

Oh Oh Oh Oh Oh Oh
Oh Oh Oh Oh Oh Oh

I know it's on when I can't stop myself from watchin' you mo-o-o-ove
(Mo-o-o-ove)
It's automatic gotta have it cause you got that boom da boom boom
(Boom da boom boom)
When the lights come up its hard to hold back
So come on let it blow

Can you feel it, coming down, down, down
Can you feel it, coming down, down, down
Move it faster, stronger, harder
Move it faster, stronger, harder
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, feel it, feel it

Its so electric I'm infected and I just can't hi-i-i-ide
(Hi-i-i-ide)
The way my heart is jumpin' for you beatin' double ti-i-i-ime
(Ti-i-i-ime)
When the lights come up its hard to hold back
So come on let it blow

Can you feel it, coming down, down, down
Can you feel it, coming down, down, down
Move it faster, stronger, harder
Move it faster, stronger, harder
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, feel it, feel it

Hey Hey
Put your hands up and get it rockin'
Hey Hey
Show the whole world we're never stoppin'
Hey Hey
Put your hans up we're lightin' up the sky
Tonight TONIGHT
When the lights come up its hard to hold back
So come on let it blow

Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it feel it feel it
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it, turn it up up up
Can you feel it
(Can you feel it)
