

Living In The Moment

Ross Lynch

I got a smile on my face
moving at my own pace
Time I won't let it waste

Yeah

Work hard if you
want it now
Let's get the moment
Keep preaching
don't ever stop
BOOM
I gots it turned up
l-l-l-l-loud
I do whatever it takes
I use it we'll never fade
Off the Richter
let it quake
yeah yeah yeah

Oh oooh
I'm not having no reget
no no no no no no
Oh
Let's rev it up
ready set go
go oh go

Go go go
Living in the moment
Go go go
Work hard if you want it
Go go go
Living in the moment
Work hard if you
want it now
Go go go

Forget the things that
we've done
Don't think about what
becomes
In the morning of
tomorrow of yesterday
cause it's gone
It's now or never so you
better get the message
It's a gift to e alive right
now un the present

Go go go
Living in the moment
Go go go
Work hard if you want it
Go go go
Living in the moment
Work hard if you

want it now
Go go go

Go go go
yeah ah aha
Go go go
oooh woah

Go go go
Living in the moment
Work hard if you
want it now
