

Who I Am

Ross Lynch

Oh oh oh oh oh
Oh oh oh oh oh
Oh oh oh oh oh
Oh oh oh oh

Maybe I shouldn't have lied
I was in over my head
All the games that I played
Just played me instead
Please forgive me, I'm trying to forget
I was too busy frettin', how dumb can I get

Oh oh oh, so busted
Oh oh oh, I messed it up, up, up
Gonna tell you what, what, what

Gonna dance like a freak, I'ma be tonight
Sing the wrong words into the mic
'Cause that's just who I am (that's me), that's just who I am (that's me)
I won't care if they laugh at me if I lose my grip
on gravity
I'm doing the best I can
'Cause that's just who I, that's just who I am

Oh oh oh oh oh

The magic wand is dead and gone
I don't wanna play pretend
You'll never see that wannabe
I'm back to myself again
You best believe me, I swear I'm over it
Ha, the kid is back (where the party at?)
The night ain't over yet

Oh oh oh, no stressin'
Oh oh oh, I'm fessin' up, up, up
Gonna tell you what, what, what (come on)

Gonna dance like a freak, I'ma be tonight
Sing the wrong words into the mic
'Cause that's just who I am (that's me), that's just who I am (that's me)
I won't care if they laugh at me if I lose my grip
on gravity
I'm doing the best I can
'Cause that's just who I, that's just who I am

Maybe I'm only human
So what's so wrong with that?
When I don't know what I'm doing
Gotta cut myself some slack
'Cause I'm a work in progress
And there's no turning back
There's no turning back
'Cause I got it like, got it like
Got it like that

Oh oh oh oh oh

You know I got it like that
Oh oh oh oh oh
Yeah that's right, you know
Oh oh oh oh oh
Sing it!

Gonna dance like a freak, I'ma be tonight
Sing the wrong words into the mic
'Cause that's just who I am, that's just who I am
I won't care if they laugh at me if I lose my grip
on gravity
I'm doing the best I can
'Cause that's just who I, that's just who I am

Everybody now
Gonna dance like a freak, I'ma be tonight
Sing the wrong words into the mic
'Cause that's just who I am, that's just who I am
I won't care if they laugh at me if I lose my grip
on gravity
I'm doing the best I can
'Cause that's just who I, that's just who I am
