

Fully alerted,  
Totally discalm:  
I experience and see...  
My minority

Am I an influence to the powerful force  
Around my minority?

It's too late...  
To understand...  
The disappearance of...  
Painless days

I despise,  
I worship,  
I reinforce,  
I live and disdain

Inclining the throes by destroying the roses of hope  
From the hands of despair

A painful...  
Quest  
The eternal burden...  
On my chest
