Without thoughts you rise your fist  
That gets me really pissed  
One black man, twenty white men  
Beat him just for being black

What if you wake up...  
Tomorrow being black?  
Are you gonna kill yourself?  
Or change your policy?

You got to be bold, that's what you have been told!  
Everything you do as your leader tells  
If you don't beat, you will get beat  
When you beat, it grows lots of hate

What if you wake up...  
Tomorrow being black?  
Are you gonna kill yourself?  
Or change the racial policy?  
Y(e)ah!

Without thoughts you rise your fist  
That gets me really pissed  
One black man, twenty white men  
Beat him just for being black  
Thrash!
