

## Exiled Archangels

Rotting Christ

Fallen in decay  
Inflowing shades  
The oppressed revolt  
Removed in dark spheres

Once exiled  
Einthamoooo  
Blessed...  
In abyssia

Iria, Uthopia, come here  
Believe in us and be like us  
Taste the lusts and feed revenge  
For those who dare exile you

Release all wrath, feel it  
You're in the sixth communion  
Never forget what happened  
As marked you arrived

Since now  
I name you under our cult

Enter the tunnel  
Emit no emotion  
Engaged with our hierarchy  
Keep the mystic way to go

All father's treasure  
The upcoming mighty contract

The sight of Therion  
Incarnation  
Illumination of darkness  
Intuition

Angels who embraced  
Attached to underworld  
Proselytized in the land  
They refuge

Exiled now survived  
Exiled be opposed  
Immigration in the Abyss  
Immense to the heart
