

# Visions of a Blind Order

**Rotting Christ**

Rise up the strength on them

In the name of a fruitful land  
In the name of a bright path  
Trodden with ignorant steps  
Warble out in my cradle's edge

Rex grandis - adustrum - malum - ab erevum  
Ac ad cervio - malum - ab optimus

In the name of a future calm  
In the name of a pure light  
Marching with a bright shade  
Conquering the entire range

Rex grandis - adustrum - malum - ab erevum  
Ac ad cervio - malum - ab optimus

He who graces himself a joy  
Fell the grief he may destroy  
An unending glorious lie  
Harm the power and defile
