

## You're Done

## Rotting Out

I'd rather have my throat slit  
Then listen to all your bullshit  
Your lies and fucking cop outs  
I've heard it all before

You're done

If you try and blame me  
I'll kick your fucking teeth in  
The ones that you've betrayed  
They all want you dead

I'm trying to teach you a fucking lesson  
Get it through your head
