

## From Here To Eternity

Rough Silk

Something's evil - in my mind  
satisfaction - left behind  
words unspoken - driven blind  
I've been searching' - (you'll) never find

darkness rising - blackened sun  
painted traces - on the run  
losers - winners - long time done  
you're the trigger - I#m the gun!!!

so time will rise and time will fade  
a fool once wise beyond the blade  
if you don't get payed - you don't get layed!!!

a skeleton once free  
tomorrow to see  
the lost destiny  
from here to eternity  
me - a reason to be  
burning the key  
from here to eternity

silent voices - calling you  
violent voices - sad but true  
sounds of madness - hurt in vain  
praise your sadness - (in the) falling rain

so time will rise and time fill fade....

a skeleton once free....

don't hear - don't see  
don't move - don't be  
don't care - don't go  
don't try don't know  
don't sleep - don't cry  
don't leave - don't buy  
don't fear yourself  
the clock strikes twelve!!!!

a skeleton once free....  
from here to eternity
