Beautiful things

Beautiful things Are comin' my way Beautiful things I want them to stay But after a while My beautiful things Don't seem beautiful at all

Terrible things Like when you wake up And all of your dreams Seem to crack up Like things you have done Like breakin' my heart For you it don't seem Terrible at all

Is there someone I can talk to? Someone on the line? Does anybody want to hear What's on my mind?

Beautiful things Like leaves on a tree Beautiful things The sky and the sea Since you've been gone No beautiful things Seem beautiful to me

Is there someone I can talk to? Someone out there on the line? Does anybody want to hear What's on my mind?

Make the grass grow in the garden When the rain is passin' by Does anybody want to know What's on my mind?
