

From a Distance

Roxette

Even if you spend time
I'm hard to find
In the line
No tears on me
No hint of sadness
In sight

Though I'm angry
Lonely
Got no life to live
And I'm hungry
Thirsty
For all love can give

But I
Won't show you any sign
Everything looks fine
From a distance

I wish I could close
And clear my eyes
And mind
I'm running blind
Into the wilderness
Tonight

And it's scary
Lonely
It's no way to live
And I'm hungry
Thirsty
For all love can give

And I
Won't show you any sign
Everything looks fine
From a distance

No, I
I won't reveal any signs
Everything looks perfectly fine
From a distance
