

# Good Karma

Roxette

Sense  
You are on a ship  
With the wind  
And the sun  
And you close  
Just one eye  
Cos you're not really sure  
If you wanna be alone

Come along and check  
Check it come along  
There is something going on  
Good karma  
Come along and check  
Check it come along  
You've got something going on  
Good karma

Sense  
You are in a room  
On a kingsize bed  
On your own  
And you close  
Just one eye  
Cos you're not really sure  
If you wanna dream alone

Come along and check  
Check it come along  
There is something going on  
Good karma  
Come along and check  
Check it come along  
You've got something going on  
Good karma

Sense  
Life was a train passing by  
But your heart is heaven on fire  
Just when you thought that you died  
You came out bright  
And so alive
