Happy on the Outside

Roxette

You can watch her doin' the rounds She's there for everyone Throwin' kisses, makin' plans For midnight men, mornin' sons

Well, did the wine make her dance? No, she's always been the star She's got that riddle in her smile But a burden in her heart

She's so happy on the outside But she's cryin' on the inside And there's nothin' I can do To make her glad

So happy on the outside Hurtin' on the inside And it's sad so sad Baby, it's so sad

Hey, did the wine make her dance? No, she's always been a star So be prepared to fall in love Though her heart hides the scars

She's so happy on the outside Hurtin' on the inside It's such a sad sad sight Such a sad sad sight

She's so happy on the outside But she's cryin' on the inside And there's nothin' I can do To make it right

She's so happy on the outside Oooh, hurtin' on the inside It's such a sad sad sight Such a sad sad sight Such a sad sight Oh such a sad sight
