

# I Remember You

Roxette

Are you ready? Go!

I hear your footsteps like you're walking  
I hear your voice like you're talking to me  
I can reach every moment  
Every caress like I'm living a dream

Down to the bone, go little darling

Oh I remember you  
Feels like it was yesterday  
I remember you  
You've got me running back again

You shared my secrets and my laughter  
I fell in love with the light in your eyes  
And I believed that summer  
Would go on and on for the rest of my life

Down to the bone, go little darling

Hey I remember you  
Feels like it was yesterday  
I remember you  
You've got me running back again  
You've got me running

Na na na na  
Na na na na

Down to the bone, go little darling

Hey I remember you  
Feels like it was yesterday  
I remember you  
You've got me running back again  
You've got me running

I say: Na na na na  
Na na na na
