

Never Is A Long Time

Roxette

1. You build it up and tear it down
There's no reason to follow you
You left the song without a sound
You left the story I made for you
Softly angels go and cry
In the stillness of the night

R: Never is a long time, goodbye
No answers for the asking
It's a long time, goodbye
No mercy for the aching
It's a long time, oh my
See no light of love forsaken
Never is a long time, goodbye
Let's spend the night
When this dream has come to an end

2. Sometimes you laugh, sometimes you cry
And yes I cried over you
You left me blind in paradise
You left me hungry for the touch of you
Snow white angels run and hide
In the blackness of the night

R: Never is a long time, goodbye...

Never is a long time
Never is a long time
