Perfect Day

Breathe some faith into my chest Lay me down, I need the rest Ever since the sky turned grey I've waited for the perfect day

Hey now - it seems you've always Touched me like the sun

There's no escape for the broken-hearted There's no return once you've lost your way I say a prayer now our love's departed That you'll come back to stay And bring the perfect day

Blinded by a crazy light I fell into the darkest night Those magic ties The two of us I couldn't see it turn to dust

Hey now - it seems you've always Reached me like the sun

There's no escape for the broken-hearted There's no return once you've lost your way I say a prayer now your love's departed That you'll come back to stay Bring back the perfect day

Hey now - it seems you've always Reached me like the sun

There's no escape for the broken-hearted There's no return once you've lost your way I say a prayer now your love's departed That you'll come back to stay Bring back the perfect day
