

Shadow Of A Doubt

Roxette

1. I heard your heart, you held it close to me
The wild embrace, the silent sea
A whisper of imagery, for lovers supreme

R: But now, I'm lost in the crowd
No shadow of a doubt, it's all over now
No shadow of a doubt

2. You changed the dream. You changed the scenery
The tender touch, the urge to breathe
Here under a lovelit sun what's lost could be found

R: But now, no trace of a sound
No shadow of a doubt, I'm far away bound
No shadow of a doubt

R: But now, I'm lost in the crowd
No shadow of a doubt, it's all over now
No shadow of a doubt
