

## Bitter-Sweet

Roxy Music

Well this is such  
A sad affair  
I've opened up my heart  
So many times  
But now it's closed

Oh my dear  
Every salted tear  
It wrings  
Bitter - sweet applause

But when the show's in full swing  
Every once in a while  
High stepping chorus lines  
Mean I'm forgetting  
Mein lullaby - liebchen

How rich in contrast  
Love can be  
Sometimes I'm quite amused  
To see it twist and turn  
To taste - both sweet and dry

These vintage years!  
Lovers you consume, my friend  
As others their wine

Nein - das ist nicht  
Das ende der welt  
Gestrandet an leben und kunst  
Und das spiel geht weiter  
Wie man weiss  
Noch viele schonste...wiedershen

And now, as you turn to leave  
You try to force a smile -  
As if to compensate -  
Then you break down and cry
