

Foggy River

Roy Acuff

Your love is colder than a foggy river flowing o'er a heart of
stone
You left me stranded on this foggy river drifting helpless and
alone
Can't escape this broken heart of mine there's no freedom anymo
re
Oh Heaven, help me on this foggy river help me find the distant
shore

There's no tomorrow on this foggy river only memories linger on
A mist of sorrow chills this foggy river everything I love is g
one
Always knew some day you'd let me down, I've got troubles on my
mind
Guess, I'm doomed to sail this foggy river till I leave your lo
ve behind
