## **Foggy River**

## **Roy Acuff**

Your love is colder than a foggy river flowing o'er a heart of stone You left me stranded on this foggy river drifting helpless and alone Can't escape this broken heart of mine there's no freedom anymo re Oh Heaven, help me on this foggy river help me find the distant shore There's no tomorrow on this foggy river only memories linger on A mist of sorrow chills this foggy river everything I love is g one Always knew some day you'd let me down, I've got troubles on my mind Guess, I'm doomed to sail this foggy river till I leave your lo ve behind
