

## Low And Lonely

Roy Acuff

Low and lonely sad and blue  
Thinking only of little you  
Always trying to keep from crying  
I'm low and lonely over you

Do you miss me? Say you do  
Tell me darlin', tell me true  
Do you yearn dear will you return dear?  
I'm low and lonely over you

Low and lonely, weary, too  
You're the only, true love I knew  
Don't be long, dear, you know it's wrong, dear  
I'm low and lonely over you

Low and lonely sad and blue  
Thinking only of little you  
Always trying to keep from crying  
I'm low and lonely over you
