

Pins and Needles

Roy Acuff

I know not where on earth to find you
I know not how or when to start
I only know, I'm here without you
I've got pins and needles in my heart

The days and night are growing longer
Since first you said that we must part
I only know, I can't forget you
With these pins and needles in my heart

I always see your face before me
Your smile is heaven's work of art
But now you're smiling at another
And there's pins and needles in my heart

Sometime, somewhere, we'll meet again, dear
Then love will make the teardrops start
Someday you'll know, how long I've waited
With these pins and needles in my heart
