Country Boy

Roy Buchanan

Well, I'm a little country boy, I'm runnin' wild in this big ol
' town
I'm a little country boy, I'm runnin' wild in this big ol' town
When I make love with my baby
You know, I don't want a soul around

Yeah, they call me country
I'm from a country town
The girls go crazy about me
You look what I'm puttin' down

I'm a little country boy, I'm runnin' wild in this big ol' town
When I make love to my baby
I don't want a soul around
Yeah, I'm country

I woke up this mornin'
Ooh, my head was bad
I just can't tell you
About that good time I had

This little country boy, I'm runnin' wild in this big ol' town
When I make love to my baby
You know, I don't want a soul around

Yeah, I'm country
