

I'm Gonna Get You Off My Mind

Roy Drusky

I'm gonna get you off my mind it may take longer than I've thought it would
But I'm gonna get you off my mind
Too many long night with nothing to do too many firelights all shining on you
But when my heart settles down you're gonna find
That I'm gonna get you off my mind
I'm gonna get you off my mind it may take longer than I've thought it would
But I'm gonna get you off my mind
