I'm your old love he's your new love but if you're sure it's tı ue love

I'll bow out gracefuly and simply say

It was fun while it lasted fun while it lasted ours was a speci al sort of love

It was fun while it lasted fun while it lasted but it just didn 't last long enough

I can't say goodbye with laughter but I'll promise ever after When I'll think of you my lonely lips will smile
I'll be all alone tomorrow but there won't be any sorrow
Just a happy thought you love me for a mile
It was fun while it lasted...
