

# Please Don't Let Me Love You Anymore

**Roy Drusky**

Please don't let me love you anymore I think it's time that we  
both close the door  
You still turn me on even more than before but please don't let  
me love you anymore

To be with you I'd leave everything behind I live a life and sa  
y I'm not that kind  
Now something's got to give that is the time to live  
Cause lovin' you is messin' up my mind  
Please don't let me love you...  
No please don't let me love you anymore
