

# Through The Eyes Of Love

**Roy Drusky**

This heart of mine belongs to you  
Take care of it be kind  
For I must go where you may lead  
The eyes of love are blind  
I may not see the things that I should see  
The danger there might be in store

And I may do just what I shouldn't do  
Because I'm looking through the eyes of love

It is true I know that eyes of love  
Might dim the view for me  
But eyes of love can see so much  
That other eyes don't see  
A bluer sky the sparkle in your eyes  
All make me realize I'm yours

I've seen with you a world of dreams come true  
Because I'm looking through the eyes of love  
Because I'm looking through the eyes of love
