Now welcome to Round One.
This is my album. I'm Roy Jones...
The legend...you found one.
Like Martin and Malcolm, I fight for my rights.
My fists? They're straight blows.
Games? Don't play those. I lay foes flat...
And givin fighters K'O's...since the early eight oh's

The same homie..
With or without money?
The same homie.
Knocked out Montell Griffin,
Virgil Hill, beat James Toney.
And even if you think the match was fixed...
I can't lose. I could beat you with a fractured wrist.
Take the show? What you take me fo'?
No. You'll hate to go...
Round for round...pound for pound...
On HBO.

Got clean refs...a nice right...
But mean lefts.
A fighter better than me?
I haven't seen yet.
I'm Roy Jones, the undisputed,
The heavyweight champ.
How could you confuse it?
Is anyone out there? You think you're the best?
Come call my people... and we can do this...
Damn real...man, chill...
...after everything is over and still...
