

# California Blue

Roy Orbison

1. Working all day and the sun don't shine  
Trying to get by and I'm just killin' time  
I feel the rain fall the whole night through  
Far away from you, California Blue.

R1: California Blue, dreaming all alone  
Nothing else to do, California Blue.  
Every day I pray, I'll be on my way  
Saving love for you, California Blue.

R2: One sunny day I'll get back again  
Somehow, somehow, but I don't know when  
California Blue, California Blue.

2. Living my life with you on my mind  
Thinking of things that I left far behind  
It's been so long, doing all I can do  
To get back to you, California Blue

R1: California Blue...

R2: One sunny day...

\*: Still missing you, California Blue  
Still missing you, California Blue  
Still missing you, California Blue
