## **Give Myself A Party**

**Roy Orbison** 

I've got alot of memories, To last me the rest of my life So if you don't want to love me, Well baby that'll be alright I'm gonna take all the lovin' That I had for you Gonna take all the loneliness And sit right down with the blues.

I'm gonna give myself a party Serve old memories I'll give myself a party Think of how it used to be Remember all the happiness That we once knew I'll give myself a party Just me and the blues.

A few of your love letters A photograph or two The gift you gave me on my birthday With words of I love you There's lots of things to think about When you're happy being blue I'm gonna take all the heartache And sit right down with the blues.

I'm gonna give myself a party Serve old memories I'll give myself a party Think of how it used to be Remember all the happiness That we once knew I'll give myself a party Just me and the blues.
