

I Drove All Night

Roy Orbison

I had to escape The city was sticky and cruel Maybe I should have called
you first But I was dying to get to you Was dreaming while I drove
The long straight road ahead, uh, huh yeah
Could taste your sweet kisses your arms open wide
This fever for you is just burning me up inside

I drove all night to get to you Is that alright
I drove all night crept in your room Woke you from your sleep
To make love to you is that alright I drove all night

What in this world Keep us from falling apart
No matter where I go I hear The beating of your heart
I think about you when the night is cold and dark, yeah-eah
No one can move me the way that you do
Nothing erases the feeling between me and youooo aaaaah

I drove all night to get to you Is that alright

I drove all night crept in your room Woke your sleep
To make love to you is that alright

I drove all niiiiiiiiiiiiiiiiiiiiight

Could taste your sweet kisses your arms open wide
This fever for you is just burning me up inside

I drove all night to get to you
Is that alright
I drove all night crept in your room
Is that alright
I drove all niiiiiiiiiiiiiiiiiiiiight
I drove all night I drove all night to get to you
Is that alright
