Wondering, wondering, I wonder what to say Wondering, wondering, I wonder what to do Will your love be true, or will you run away

When you have been alone, without love, all alone You wonder what you'll feel when new love comes along Is it really real?

Ah ... aaaah ... aaah, I wonder.

Wondering, wondering, I wonder all the time Wondering, wondering, are you really mine? Will your love be true or will I wonder Till the end of time?
