

I Will Catch You

Royal Bliss

Waiting out the storm
Believing all the words they say.
To fill your mind.

Even though that you were scared
To leave all the ones you love
So far behind.

And they build you up (they build you up)
Just to drag you down (to drag you down)
The longest road
But I'm still here
And I'm not giving up.

I'll be there through it all
I'll be there when you fall
And I will catch you
Yeah I will...
Even if I'm not around
I won't let you hit the ground
And I will catch you

You know it always seems
These pages ripped out of books
They wash you clean
And you know that I'll be damned
If I can't find the one it takes
To set you free.

And they build you up (they build you up)
Just to drag you down (to drag you down)
The longest road
But I'm still here
And I'm not giving up.

I'll be there through it all
I'll be there when you fall
And I will catch you
Yeah I will...
Even if I'm not around
I won't let you hit the ground
And I will catch you

You're not alone. I'll take you home
To say goodbye and we'll be gone

Well I'd do anything
I'll take it all
I'll place the fall
Please just try and tell me where you are
Oh I'd do anything
I'd do anything

I'll be there through it all
I'll be there when you fall
And I will catch you
Yeah I will...

Even if I'm not around
I won't let you hit the ground
And I will catch you

I'll be there through it all
I'll be there when you fall
And I will catch you

Yeah I will...

Even if I'm not around
I won't let you hit the ground
And I will catch you
