

She turns it off when I'm comin' home
Loses the feeling when you're so alone
I'm just another one driftin' away
When tables turn, I'm here to stay

Cause it's not true, what they say
I'm just stuck in a hole
Yeah, you go, you're going my way
I'm just stuck in a hole

So sick, so sad, never let it go
You just can't leave it alone
No fun, never anyone
Had the dirty smile wiped from my face
Yeah, try to pray for ya son
Oh we'd hate to see you fall from grace

She turns it off when I'm comin' home
Loses the feeling when you're so alone
I'm just another one fadin' away
When darkness falls, it's here to stay

Cause it's not true, what they say
I'm just stuck in a hole
Yeah, you go, you goin' my way
I'm just stuck in a hole

So sick, so sad, never let it go
You just can't leave it alone
No fun, never anyone
Had the dirty smile wiped from my face
Yeah, try to pray for ya son
Oh we'd hate to see you fall from grace

Yeah, you're going, you're going my way
Yeah, you're going, you're going my way
Yeah, You're going, you're going my way
Yeah, You're going, you're going my way
Yeah, You're going, you're going my way
Yeah, You're going, you're going my way
I'm just stuck in a hole

I'm just stuck in a hole
