

## Iced Down Medallions

Royal Flush

Motion picture, analyze the world, plus it hits ya  
Dominate ya scripture  
Wild black infera, protecting your perimeter  
Rockin Jew-waal, bring on the minister, scope full while I'm sticking ya  
And roll a dutch  
Shorty I've been whipping ya for years now  
Hold Keiths smile on the prowl  
My lifestyle  
Or better yet, my position now  
Throw you cats on trial  
Smooth criminal  
From New York to Quebec  
Unbelievable respect  
Plan X  
22 ways up out the projects  
But keep focus Iraq  
When clans on the quest  
Gettin' deeper than tech  
We on dive for whose next  
And we go again  
My enemies I keep friends  
'Cause when I wind them, I got them and take them rock bottom  
And rap is fire  
It's you, Verse-Iya  
Hit man for hire, blow the world like a live wire

Cuban connection, flexin', willin', sippin' Crystal by the gallon, Queens st  
allion  
(Royal Flush, no doubt)  
Iced down medallions  
(Royal Flush, what's it all about?)

Seen shit  
Holdin' it down my guns, spit  
Find my deal wit  
Drive a 5-40 wit tint  
Yo nice  
Hold the strip up on the hill in the bricks  
Plus the golden Kid  
Wisdom knowledge still living  
Understand what I'm given  
Or wild like the livin' while we all driven  
We sell drugs, young black thugs  
And take slaughtas  
Most invincible gettin' money the principle  
Everyday's an interview  
You know who  
I'm talkin' to the best chosen  
Playin on 45th  
Drink cola

Sellin' drugs in the mornin'  
Strengthening my opponents  
Fuck around and catch a bonus  
Move all to buy the Owens  
When you thought I was your oldest  
And ever since that day I walk around double toastin'  
Wit two hoalstin  
Wanted posters  
Plus whatevas closest  
Or die like your man in that black Sensa Rosa  
Flush, don't give a fuck I'm taken over

Now pass the hand  
Rockin' vest for thirty G's a scotch  
None stop  
Crystal poppin'  
Drop toppin'  
While the feds watchin'  
They on my back heat me up like Al Pacino  
Or Joe Pessi in Casino(Que pasa, amigo)  
Sent keys up to Fellipo  
Transport state to state  
Livin' great  
Bust around a hell gate  
Can the key  
Money man  
Regulate  
New York city crime state  
And bless ya L's be on track to make an earthquake  
Now wait  
Desert storm just like Kuwait  
Watch Jake  
Can't go to jail wit no Cake  
'Cause when I come home I've got to live crazy straight
