

## Days Of No Trust

Royal Hunt

Dark and silent world just felt asleep  
Moon is staring from the deep  
Wise and quiet sky, above my head  
Stars are fading, do they regret  
Hopes and fears that they reflected back to us  
Through all those years?

Time is standing still until the dawn  
Living daylights will force it on the run  
Game is over, no more peace of mind  
'Till the night'll come crawling, so I could find  
You and then I could dive into the darkness  
Full of memories again

If I'm closing my eyes to remember the day  
When the wind of eternity took you away  
Many colors of pain in my heart I can see  
It's all coming back to me  
As the merciless sun melts the rest of the night  
Chasing vision of you through the ocean of light  
Slowly passing me by, turning wishes to dust  
I'm living the days of no trust

If I'm closing my eyes to remember the day  
When the wind of eternity took you away  
Many colors of pain in my heart I can see  
It's all coming back to me  
As the merciless sun melts the rest of the night  
Chasing vision of you through the ocean of light  
Slowly passing me by, turning wishes to dust  
I'm living the days of no trust

When the wind of eternity took you away  
It's all coming back to me  
It's lost away  
I'm living the days of no trust
