Heart of the City

Royal Hunt

Can't see no changes, I wanna be free, I'm a bird on a wire. My blood is boilin' it's burnin' in me, Overkill by fire.

Sun goes down and full moon rising, Chasin' evil shadows in town.

Just like a junkie, I can't see a thing, Feelin' the chill that surrounds me.

I can't get out cos I'm trapped in the ring, Something's comin' to haunt me.

Set me free - don't even try to put a chain on me, Page was a turn - you're gonna learn, Right in the heart of the city.

Another kid from downtown - you see, Born to live in the sorrow. I owe you nothing and that's how it is gonna be, By the morning - it's over.
