

Revolution

Royal Republic

Like a new recession
Wanna hear my confession?
I gotta call, I need to
Side by side
My recreation
We are the revolution
I don't need to
You ready?

Gonna start a revolution
Wanna start a revolution
Wanna start a revolution
I wanna start a.. I'm gonna start

I've got no ambition
When I come 'round
I see my future
But I flush it down
With my recreation
And my pollution
Gonna start a..

Gonna start a revolution
I wanna start a revolution
Gonna start a revolution
I'm gonna start a.. I'm gonna start

Gonna start a revolution
I'm gonna start a revolution
I wanna start a revolution
I'm gonna start a revolution
