

Black & White

Royal Tailor

Cause you've been on my mind.
Been drifting for quite sometime.
This life is paralyzing,
This life is paralyzing, me.

I can't see through the greys,
Truth has been lost in the haze,
And I need someone to save me.

Truth's all I want,
All I want, is You.
You're all I want,
All I want, All I want.

Cause there's black,
And there's white.
And there's wrong,
And there's right.

I can't go, one more night,
Without telling you,
That I am sorry.
For all the pain that I caused.

I've been gone, for so long,
Without telling you that I am sorry.
Can you hear me?
Please forgive me!

I'm screaming through the noise,
Tell me that You can hear my voice.
I am so lost without You,
I am so lost without You here.

I need some clarity,
Need Your spirit leading me.
My vision's getting blurry.

Truth's all I want,
All I want, is You.
Truth's all I want,
All I want, All I want, All I want.

Cause there's black,
And there's white.
And there's wrong,
And there's right.

I can't go, one more night,
Without telling you,
That I am sorry.
For all the pain that I caused.

I've been gone, for so long,
Without telling You that I am sorry.
Can you hear me?
Please forgive me!

Oh, oh.

I've been trapped in this maze,
For so long,
Show me the way,
Back home.

Open my eyes,
To see You.

Tada dada da da

Truth's all I want,
All I want, is You.
Truth's all I want,
All I want, All I want.

There's black,
And there's white.
And there's wrong,
And there's right.

I can't go, one more night,
Without telling you,
That I am sorry.
For all the pain that I caused.

I've been gone, for so long,
Without telling you that I am sorry.
Can you hear me?
Please forgive me.

Forgive me.

Cause you've been on my mind,
I've been drifting for quite some time.
This life is paralyzing,
This life is paralyzing me.
