

Gravity (Pulling Heaven Down)

Royal Tailor

What's love without a heart that it can teach?
What's war without a cause?
What's hope without humanity in need?
What's a win without a loss?

I know, I know we fight against gravity
But gravity's no enemy
Yes, I know, I know we fight against gravity
But gravity is what we need

It's pulling heaven down, down, down
It's pulling heaven down, down, down
How could it be the gravity that holds me to the ground
Is pulling heaven down, down, down?

What's free if there's no chains to be found?
What's death without a cost?
What's truth if we keep it out of reach?
Who's Christ without a cross?

I know, I know we fight against gravity
But gravity's no enemy
No, I know, I know we fight against gravity
But gravity is what we need

Gravity found us a Savior
Put Him on earth so He could save us
No love, no force is greater
Heaven meets earth, that's the gravity of love

Pulling heaven down so look up there's a change in the wind
A revolution is about to begin, love wins
Yeah, I'm talking about a holy visitation
For God to come and visit, this nation's patiently waiting

For Him to move like He said He would move
Ready for God to do anything that He wants to
The time is now to pull, if you ask me
I'm not afraid of gravity, it's pulling heaven down
