

# Lady In White

Royal Wood

Oh goodbye my lady in blue  
What is now this man to do?  
Well I know you'll need this tonight  
So I'll think of you lady in white

For blue is the color of tears  
An ocean of you wrapped in years  
I know you'll get through tonight  
If I think of you lady in white

Well oh sorry drummer player on  
Remember my lady in song  
I know I'll prove this tonight  
If I think of my lady in white

Yes goodbye my lady in blue  
What is now this man to do?  
I know I love you tonight  
So I'll think of you lady in white...  
My beautiful lady in white

Oh goodbye our ladies in blue  
What is now this world to do?  
Well I know we'll need this tonight  
Could we think of our ladies in white?  
For blue is the color of our tears  
It's an ocean of us wrapped in years  
I know we'll get through tonight  
If we sing for our ladies in white...  
Could we sing for our ladies in white?
