

The Spirits And I

Royal Wood

Trippin' on cinnamon and peppermint seas
Singin' oh...
Where a mermaid and me are happily sex'in
Oh...
Then the thunder wakens
Then I'm back in a flash the spirits and me

The wind-demons have bitten the sky
Singin' oh...
When a paper-bag princess catches my eye
Oh...
The window open ajar the water seeps in
I'm back in a splash the spirits and I

Ahh...

The soldier and his knapsack take a rest
Thinking oh...
Living of a stone and the things gone past
Oh...
Then the canons waken
He's back in a crash the spirits and him

Ahh...
