

Merry Go Round

Royce da 5'9"

I have tried in vein
Never had success
So it seems my life is nothing but a mess
I have lost, my only friends
Now it seems I have to start again
MERRY GO ROUND

My lifes been goin around 'n' round since '95
Went from goin where about to die
Went from callin' my chick a chicken cause she look like she go
t poultry around her thighs
To callin' your piece a chicken cause she got no teeth and she
got crow feet, around her eyes
How hard are y'all? I got a heart the size of Arkansas
Count to five, these birds gon' hit the ground and they ain't f
rom out the sky
Went from havin' an outta-this-world-
flow, to doin' the pity, or doin' the coon dance
To watchin' my good friend Eminem winnin' a moonman
I remember cause I was in New York with all of my boys to start
shit
Lettin' 'em stay with me, long story short, they tore my corpor
ate apartment
Went from bein a kid addicted to basketball
To bein an ignorant nigga addicted to alcohol
Round and round we go is how this movie would end
Self-proclaimed King of my city, not really just true the Kin
g of losin' a friend
Who would've thought this goof in the park whos true to his ark
would lose
Or win just by givin' his thoughts 'n' views

I have tried in vein
Never had success
So it seems my life is nothing but a mess
I have lost, my only friends
Now it seems I have to start again
MERRY GO ROUND
