I look around and all I see is fools  
Some of y'all got street cred, some of y'all got pre-approved  
Some of y'all got red carpet rolled out for y'all quick as you  
Drop, went right from a Honda to a box 62  
They dance and they ballin' and they zonin' like they Victor Cruz  
Labels only care about hits and views which is cool  
Not only am I the alchemist, I'm the evidence  
The wicked witch is cool, the cause of her demise  
Reminds me of this jet I'm in, a flyin' residence  
If you don't write your own rhymes get offended this is to you and you  
Listen fool no more bars for you  
You can't raise the bar, you ain't in the buildin'  
Matter of fact you can't even lift a stool, fool  
That liquor disappear from my system like skippin' school  
Me and these niggas live by the same don'ts but different do's  
To get they name out they willin' to get the lube  
That Balmain fit me like my religion true  
Call my assistant tell him I'm slippin', I'm spittin' jewels  
Somebody come out and get them like them Memphis dudes  
We independent, while y'all flash bitches  
We in the trenches, ball sack lickin' addiction, y'all need interventions  
The gas pedal mashin' the carpet in them SL Benzes  
The dash retarded like the special olympics  
The needle leanin' past the finish line like Lance Armstrong  
I'm exotic smellin' like your baby momma vagina, bon fire island  
A Creed Avensis  
I'm not a killer I'm just stricken with a sickness called homicidalitis  
Flat screens surround me and my dubs seat up in my whip  
So she can read her twitter mentions in three dimensions  
It's no such thing as flossin' if you ain't never seen the dentist  
But some of y'all need to take them gold slugs out of your face  
Load 'em in the pistol and shoot 'em the fuck into outer space  
Maybe I ain't rich as you which is cool  
Maybe I ain't weird as you which is cool  
Maybe it ain't a style to be lyrical

I don't give a motherfuck, I just get your mother touched  
I pick my own date, pay my way, call that double dutch  
I grip the ass, I dump the tip, call that shit the double clutch  
Wax on, wax off, clean that ugly stubble up  
Bonsai, truth is gonna un-lie at sunrise  
Your makeup's running, Uber's gonna catch you when it comes by  
You boys are entertainment, I understand you like the bitch  
But you are pretty famous, sweater like the one Cosby  
Wore at his arraignment, uh, I stay patient  
Pray gracious, made milli's, while billi' racin'  
Now they wanna trade places, as my ceiling raises  
My prime lays dormant, they computerized, not I  
See, I'm straight torrent, I clock in, write it with my pen, out my acorn  
And then I clock out, and leave a black cloud on all eight corners  
Started with us to hear the pop loud - Robin Harris' House Party  
I bet y'all acquit it, like a child killing cop trial

All you see on the ground is an empty rock vials  
Like Tommy Lee and Pam Anderson, I'm in the Trump Tower  
With this here piece manners here, Magnum condom fit, like Juelz Santana  
Bandana gear, I used to need antifreeze  
She about to need antifrizz, antifrizz  
I'm Pac and I'm Nas when I famed danced to anti big  
I'm not a star, ho, I'm on Uranus on a pantie binge  
Far as are as y'all aside, from flaming all of y'all  
I feel like I fathered all of your bars, like I came up in your granny's cri  
b  
The most interesting man, on the god damn planet  
Beef is having a nigga's bitch, fix me some god damn salmon  
Beef is trying a nigga's clothes on, when he ain't home  
Beef is your wife, when kids at school, texting me "They're gone"  
I just took a dip in your swimming pool, which is cool  
I think, you need to find some more comfortable slipper shoes, which is cool
